Job Description:

Scenic Designer work under the director, stage manager and technical director. They use furniture, props, structures, backgrounds, and other design elements to create an accurate setting as dictated by a script. Scenic designers start by reading a script and meeting with directors to define a script's concept and the best way to design it. They will teach students how to draft, paint and build a set for production.

Weekly Tasks:

Duties include:

- Production of bid drafting
- Rough Models
- Final drafting
- Final models under deadline circumstances
- Conduct period research
- Supervise assistants
- Attend meetings and rehearsals as needed
